“ So sorry to hear the passing of a great person that I, and a lot of people, had the opportunity to get to know his sharp wit, his humor and his love of life. From the time we spent at the fairview fire company as young people, to going to the jersey shore and winter camping at pecks pond playing hockey on the frozen lake are some of the best memories I have of our friendship. As we got older and started our family lives, we touched base from time to time. Enjoy the pictures of Dale in his early years. He will be missed.

“ *I have so many fun memories of Dale. We lived next door to the Erdman's. Dale & my bedroom were across from each other & we would sit in the window at night & talk. We'd hang out at the firehouse with neighborhood friends. We shared a birthday. Our family went to the cabin with them a few times as well. He was a great guy! RIP my friend! I will miss wishing you a happy birthday on our day. :(My thoughts & prayers are with the family.*

I just heard of Dale's passing and offer my sincere condolences to his family. My mind is flooded with memories of our misspent youth in south Allentown. Our days with many others at South Mountain Jr High,our after school football games with the neighborhood guys,Saturday afternoons in his garage putting together model cars we bought at Miller's Hobby shop and sucking down junk food we picked up at the Highway Superette. The afternoons and Saturday's we spent in Trout Creek West before the city made it an official park,it was just " down the woods". Countless afternoons and evenings hanging out the firehouse or down by Montex Mill's factory. Yes we did only exchange an occasional text in more recent years but Dale will forever be a part of my youth and the person I am today. I heard of Dale's passing in a text message from another friend in the wee hour's of the morning the other night and was immediately flooded with memories and ghosts of what seems like another lifetime. Thanks for the memories old friend and I believe we will all see each other again, until then,catch you later Sludge !
