“ Oh where do I begin, I've known Dan and you guys since 8years old!! I can thank him for bringing my best friend into this world Colleen and welcoming me into his family like I was apart of it. Growing up through years of soccer games and practices, carpooling after games back to Dans to enjoy some awesome movies he already had on dvd for us so many to choose from was hard!! I've know all of you now for 32years and till this day my favorite memories of him were when Colleen and I played soccer for Tri-Boro, sometimes we needed a parent to play goalie (lol) and let me tell ya, Dan made it one heck of a challenge to put that ball in the back of the net! lol, no mercy!!! Thank you Dan for being so kind and caring and raising 5 AMAZING children who've become a second family to me. I'll see ya on the field someday again. Until then, watch over your family and enjoy the beauty on the other side. I love you all.
