“ I was so saddened to recently learn of Judith’s passing. I had the privilege of working with her years ago on an IT project at LVHN, and she left a lasting impression on me. Judith was exceptionally intelligent, full of energy, and unfailingly kind. She carried herself with a generosity of spirit that made every room brighter and every challenge easier to face.

My heartfelt condolences go out to her family. May her memory be a comfort and a blessing.

“ Judith was a patient of mine but I feel like I got to know her as a friend. She gave me her books on Nurse Informatics when I told her about my interest in the field. I still haven't made the transition to the program but I hope I can honor her memory by following through in the field clearly cherished.
