“ I have some wonderful memories of your mom. Taking vacations together when we were little. Your mom driving the wrong way on a one-way street to take us to a school dance. And they're be the hysterical laugh. She would do making fun of someone else that we saw in a car. She was always like a second mom to me fly high, sweet angel.

“ My Aunt Kathy was a special one. The bond between her and my dad were strong and hard to break. The bond with her and I were also very strong like a mother and daughter. When I heard the news my heart sank....my aunt? NO WAY!! But yes way, I will never forget how many times we laughed over either of us making a stupid statement or when my dad was being crazy to make us laugh. Our car travels just to go to the store together or just to escape the men in the house is something I will never forget. Aunt Kathy was definitely more of a mother than an Aunt and now that her, my father, my brother, my nana (her mom)and my nephew are once again together makes me have a small joy of light but also causing pain to know that 5 of my favorite people have left this world and now can't see what is to come to my life with my daughter.....I will forever love you and I will miss you strongly just as I do with everyone.

“ *The loss of a family member is never an easy thing for anyone. I knew Kathy along time ago and she was a very sweet and and a very loving person. We can never understand why things happen like they do but God has a purpose for all of us. Just remember that you're mom will always be with you in your heart and memories. May God bless you and your family and keep everyone safe* 🙏❤️
