“Margaret has a special place in my heart. She was kind and loving she loved her family with all her heart. She loved her grandchildren and great grandchildren. She was always there to lend a helping hand no matter what it was. Like my mom she suffered from Alzheimer's Disease. This disease took all her memories of those who knew her and loved her. May you be with your loved ones who passed before you and may you know how much you'll be missed. Love ,Pat Heckman
