“ *Elsie and family,
I worked with Bob for many years at Air Products. He always was a dedicated and very professional employee. He also had a great sense of humor and was admired by his employees and managers. He was a very ethical person and I always knew whatever Bob did it was correct and in accordance with the highest level of professional standards. To say he was a dedicated Dodgers fan is an understatement. He was a very pleasant person and it was a pleasure to work with him. I have nothing but pleasant memories of Bob and I have thought of him often over the years after he retired. I also know he loved his family very much and I know they will miss him but please keep in your hearts and minds all the years of great memories.
You are in my thoughts and prayers.
