Cousin Ronnie was the most caring and kind generous guy you would ever want to be in your family , because he was always there to help everyone, when Uncle Sam pass he took care of Jimmy for groceries, when my mom lost my dad, he would do handyman work for her, he was that kind of guy so sweet, and yet so much fun we had so many good times when we went to Idaho, lots of festivals my brother who was his best buddy along with my sister they were all quite the same age and hung together but I heard many of the stories, The one I remember most is when since she was the only girl she said they would chase her around with the snakes that they had and I still can't believe my grandpa where my mom and dad live with them would allow Richard to have them in their basement but they did, just another fun story, Anyway in Idaho he got to meet Katie and they became friends when my brother passed and kept in touch with just little sweet things like conversation phone calls and some cards and if anyone ever needed anything Ronnie would be there for him That was just who he was and it was so appreciated We love you and will miss you Ronnie!! You rest in peace up there you three musketeers get together and have some fun!
